

Growing Gannawarra

2021 - 2025
ACTION
PLAN

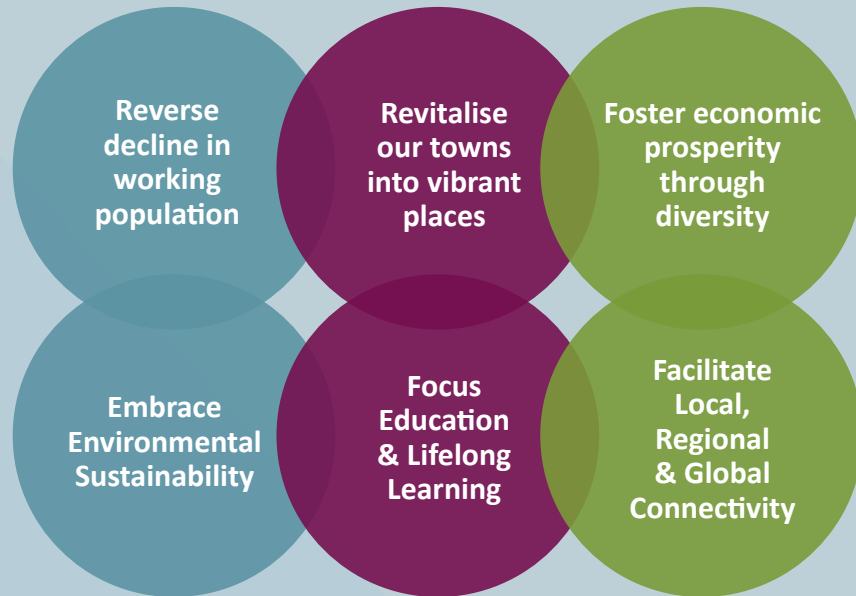

Year One

About this Action Plan

The 2021-2025 Council Plan and Action Plan provides a 'roadmap' for working closely with the community and our partners to Grow the Gannawarra over the coming four years.

COUNCIL'S LONG TERM COMMUNITY PLAN GANNAWARRA 2025 FOCUSES ON SIX KEY STRATEGY PLATFORMS WHICH REMAIN RELEVANT TO THE GANNAWARRA COMMUNITY:

Council offers a wide range of services to the community. This includes services that in larger municipalities would be delivered by other agencies or private business such as aged care and disability services, swimming pools, transport, and early years services such as kindergartens, long day care and family day care. This direct service delivery provides Council with the unique ability to

influence service delivery to meet the needs and expectations of the community. It also ensures that the Gannawarra community has access to high quality services that may otherwise not be available.

Council has an advocacy strategy which defines those areas where Gannawarra residents are disadvantaged and where Council

requires assistance from other levels of government and our partners to achieve the goals of the community.

In developing this 2021-2025 Council Plan and Action Plan we have listened to the feedback from our community as well as the evidence that identifies some of the challenges and opportunities for the Gannawarra.

THE TOP FIVE ISSUES FOR ADVOCACY ARE:

1. Financial sustainability

Gannawarra Shire Council is seeking a fairer funding framework for small rural councils in Victoria which provides ongoing financial sustainability.

2. Connections For Rural Communities

People living within the Gannawarra Shire need to connect and travel to surrounding communities to access services, education, recreation and employment. We advocate for improved connectivity to our rail, public transport, community transport and digital infrastructure.

3. Lakes, Riverfront And Waterfront Development

Gannawarra Shire Council is seeking policy and planning frameworks that support water front development to improve livability and tourism investment in our region.

4. Investment In Renewable Energy

We require significant network upgrades to facilitate investment in solar energy production in our region. Gannawarra Shire Council is a key partner in unlocking northern Victoria's solar potential and we are uniquely placed to work with key stakeholders to maximise this opportunity for our communities.

5. Healthy Communities

We advocate for improved access to services which support the health and wellbeing of our communities.

How we will Review and Evaluate?

Performance against this Council Plan will be monitored on a twice annual basis.

Each year, the Council Plan will undergo an annual review. This review will be two-fold and include achievement against the actions set for the twelve month period in the annual Action Plan, and also at the outcome and objective level through a review of success measures.

Population health data relating to Gannawarra will be monitored over the four year period and communicated to the community.

There is a strong focus on strengthening existing partnerships and building new partnerships within this 2021-2025 Council Plan.

Working collaboratively with a broad cross section of partners enhances Council's ability to deliver on our

community's aspirations and visions for the future.

Partners as well as the community will be involved in the review and evaluation and kept informed of Council's progress towards meeting the set objectives.

Year One Action Plan

A LIST OF ACTIONS THAT ALIGN WITH THE STRATEGIC PRIORITIES IDENTIFIED IN THE GANNAWARRA SHIRE COUNCIL PLAN 2021 - 2025, TO BE REPORTED AGAINST FOR YEAR ONE (2021/2022)
