MAYORS MESSAGE

I would like to start this week by recognising the extremely significant contribution that all of our community volunteers have put in over the Easter and School Holiday period. Over Easter there were a large number of events on throughout the entire municipality and, try as hard as I did, I could not get around to all of them but I was in awe of the effort put in by all of our community groups to run such great events. I am sure that everyone within the shire would agree with me in thanking all the wonderful volunteers and event organisers and I hope they continue into the future to make next Easter as enjoyable as it this one was.

On Good Friday I had the pleasure in selecting the Gannawarra Shire Acquisition Award at the Annual Rotary Art Show, this is a task that I have never experienced before and I can tell you, wow it was hard. I chose the painting 'Eagles' by Laura Kirby as I believe it signified the local community and that the feature of the five eagles representing the five sisters in the family was also significant to the support shown throughout the community to each other. I would like to congratulate Laura and wish her the best with her next artwork.

Council has recently released the Proposed 2017/18 Annual Budget, along with our 2017-2021 Council Plan, I would like to encourage everyone within the community to read both documents and let us know your view on them. These are two extremely difficult documents to put together so it is important that you, the community, understand the path that council wishes to take into the future. I look forward to the feedback.

BRIAN GIBSON, MAYOR

BEYOND THE BATTLE PROFILE

Name: Maddy Makeham

Tell us a little about what Beyond the Battle is and what your role is - Beyond the Battle is a project designed to give the community a resource for all the men and women who enlisted and served in WWI from around the Gannawarra Shire. My role on the Steering Committee is to put ideas forward and to assess other ideas to keep the project moving.

How often does the committee meet - we meet every 2-3 months.

Why were you interested in joining the committee - I find WWI very interesting and it has a very historical meaning to many people.

Tell us something interesting that you have learned through your involvement with this project - there is not one person who would not have been affected by the war in one way or another.

When will the public get to see what the committee has been working on - Remembrance Day 2017 and 2018.
