#### PURPOSE

The purpose of this report is to consider and adopt dates for 2024 scheduled meetings of Council.

#### ATTACHMENTS

Proposed dates, times, and locations for 2024 scheduled meetings of Council.

#### DISCUSSION

Council's Governance Rules require Council to fix the date, time, and place of all scheduled Council meetings for the following calendar year, at or before the last meeting each calendar year.

In previous years, Council meetings have been held on the third Wednesday of each month.

In August 2023, Council resolved to commence Council Meetings at 6.00pm, with meetings prior to this commencing at 10.00am.

It is proposed that 2024 meetings commence at 6.00pm on the third Wednesday of each month from February to December inclusive at the Kerang Senior Citizens Centre, with the exception of the June meeting which will be held on the fourth Wednesday due to the clash with the National General Assembly in Canberra.

The date for the Meeting to conduct the Mayoral Election has not been included as this date will be determined upon confirmation of the 2024 Election timeline.

There is provision in the Governance Rules for scheduled meeting dates, times, and locations to be amended if required, providing notice of the change is given to the public.

# 7.4 REVISED 2023/2024 FEES AND CHARGES

Author: Alissa Harrower, Manager Governance

Authoriser: Geoff Rollinson, Chief Executive Officer

Attachments: Nil

# RECOMMENDATION

That Council endorse the changes to the 2023/2024 Fees and Charges relating to the Quambatook Caravan Park and Road Opening Permits, to commence from 16 November 2023.

# **EXECUTIVE SUMMARY**

Each year Council reviews the level of fees and charges that are applied across Gannawarra Shire Council for the provision of services, with a view to achieving a balance between affordability, encouraging greater usage, cost recovery and raising sufficient revenue to support the delivery of services.

The Schedule of Fees and Charges is to be included in Council's Annual Budget document.

Since the adoption of the 2023/2024 Fees and Charges in March 2023, Council Officers have identified a number of required changes to ensure the achievement of best practice financial management.

# PURPOSE

To ensure responsible financial management whilst weighed to balance affordability and encourage usage.

# ATTACHMENTS

Proposed Revised Fees and Charges 2023/2024.

# DISCUSSION

The fees and charges applied by Council fall into two categories:

- Discretionary where Council has control over the type and amount of the fee or charge.
- Statutory where the fee or charge is set by legislation or another authority outside of Council's control.

There is no standard increase applied across Council's discretionary fees and charges. Rather, increases or decreases are driven to achieving a balance between affordability, encouraging greater usage, cost recovery and raising sufficient revenue to support the delivery of services. Discretionary fees and charges may be adjusted by Council anytime during the year and the schedule is noted with the date the change is operable from.

Statutory fees and charges are adjusted when the relevant legislation or authority notifies Council of the change; whereas discretionary fees are reviewed by Council each year and are applicable from 1 July.

Since the adoption of the 2023/2024 Fees and Charges in March 2023, Council Officers have identified a number of required changes to ensure the achievement of best practice financial management.

2023 Community Grants program – Community Support funding recommendations

# DISCUSSION

The 2023 Community Grants program opened on 1 August 2023, and closed on 3 September.

The framework for Council's 2023 Community Grants Program is outlined below:

Category	Adopted Budget	Total of applications received
Community Support and Events	\$80,000	\$173,900.68

This year the funding recommendations include one submission that is recommended to be referred to the Gannawarra Community Resilience Committee for consideration of funding as part of the flood recovery program.

A funding recommendation breakdown is provided below:

Funding category	Number of applications supported	Amount
Community Support funding	19	\$65,454.05
Flood Recovery Program	1	\$3,000

The application that is recommended to be referred to the Gannawarra Community Resilience Committee for consideration has been deemed to align with the Emergency Recovery Victoria (ERV) Community Hubs funding grant guidelines, which support social recovery and resilience post the October – December 2022 flood event in Gannawarra.

Each of the recommended applications demonstrated strong alignment to the essential criteria and had provided adequate supporting evidence for their budgets as part of the application process.

Two applications were deemed ineligible in this round of funding under 'recurrent operating or maintenance costs for day-to-day operations of the organisation/group'.

Many community members face ongoing challenges due to the recent flood event and continual rise in inflation cost. The No One Should go Hungry Project will provide access to healthy, home cooked meals. The project aims to decrease food insecurity and encourage community involvement, which gives the opportunity to increase local organisations and community groups understanding of the data and rational behind food insecurity in our community. The Kerang Sports and Entertainment Complex are providing a commercial kitchen to use once a month for several hours during the day, at no cost. We have commenced a 3-month pilot program of preparing and cooking approx. 50 meals that we can freeze, we want to be able to offer cooked meals for another year if we can obtain funding.	\$5,000.00	\$5,000.00	Kerang	Recommended for funding	\$ 3,000.00

Even though our savings may only be small to some, it will help to keep the environment healthy and help to reduce water and wastewater treatment costs and the amount of energy used to treat and pump water. The current watering system can at times run for longer than needed, due to volunteers being unable to return at the appropriate time to shut it off. # 7.6 QUARTERLY BUDGET REPORT - QUARTER ENDING 30 SEPTEMBER 2023

Author: Rebecca Hollingworth, Project Accountant

Authoriser: Geoff Rollinson, Chief Executive Officer

Attachments: 1 September Quarterly Report

# RECOMMENDATION

That Council receive and note the report outlining the 2023/2024 Quarterly Budget Report as at 30 September 2023.

# **EXECUTIVE SUMMARY**

At 30 September 2023 Council is anticipating an underlying result deficit of \$1.166 million, this is \$0.303 million improvement on the budget. Income shows a favourable variance of \$1.725m and there is a \$1.422m unfavourable variance for expenditure YTD. The budgeted Operating Result of \$30.298 million surplus will decrease by \$13.87 million to an anticipated Operating Result of \$16.428 million surplus. This decrease is due to the deferral of grant income anticipated to be recognised into 2023/24.

Council's Capital Works program is progressing with an anticipated variation in scheduled works of \$13.396 million. The adopted capital budget for 2023/24 is \$38.691 million and it is expected to decrease to \$25.295 million by 30 June 2024. This decrease is due to the reduction in expected expenditure due to secondary assessment of initial Rapid Impact Assessment of flood works.

The financial position of the Council remains stable.

# PURPOSE

Council prepares a quarterly financial report as at 30 September, 31 December and 31 March each year. The purpose of the report is to ensure that the financial position of the Council is being managed and that Council remains financially sustainable.

# ATTACHMENTS

Quarterly Budget Report – September 2023

#### DISCUSSION

This quarterly financial report to 30 September 2023 involves some variations to the forecasts due to the flooding event, unearned income transferred from the previous year, carry over items into next year and asset revaluations. Despite these issues Council remains financially sustainable.

The detailed explanation of the variations is contained in the "Financial Viability" section below and the attached "Quarterly Budget Report – 30 September 2023".

#### **RELEVANT LAW**

Section 97 of the *Local Government Act 2020* requires a quarterly report to be presented to Council at a Council meeting which is open to the public showing a comparison of the actual and budgeted results to date and an explanation of any material differences.

# **RELATED COUNCIL DECISIONS**

The Quarterly Budget Report links to the budget process and the Council decision relating to the budget adoption on 28 June 2023.

# OPTIONS

The variations projected are not significant and therefore a revised budget is not required.

# SUSTAINABILITY IMPLICATIONS

The key risks are financial and compliance risks. As the projected variations are positive, this limits the financial risk with the Quarterly Budget Report.

# COMMUNITY ENGAGEMENT

The Budget went through extensive consultation. This report highlights only minor change and no further community engagement has been undertaken.

# INNOVATION AND CONTINUOUS IMPROVEMENT

Not applicable.

# COLLABORATION

Council Officers with responsibility for line budgets have had input into the report.

The Quarterly Budget Report to 30 September 2023 is being presented to Council's Audit and Risk Committee meeting on 14 November, 2023.

# FINANCIAL VIABILITY

The Quarterly Budget Report presents the interim financial position to 30 September 2023 and is consistent with the budget.

Indicator	Budget (\$'000)	Forecast (\$'000)	Variance (\$'000)
Underlying result	(1,469)	(1,166)	303 F
Comprehensive Income result	30,298	16,428	(13,870) U
Capital works	38,691	25,295	(13,396) F
Cash position	10,609	17,565	6,956 F

# **Operating Budget**

The 'Summary of Adjustments' details the changes between the approved budget and the forecast to 30 September 2023. The major changes in the operating budget are:-

- An increase in rate revenue of \$148k following supplementary valuations and additional bin service charges.
- The increase in operating grants is due to the recognition of unearned income at 30 June 2023 in 2023/24 \$754k, the underpayment of the 2022/23 Victorian Grants Commission allocation \$292k and other additional grants received post adoption of the Budget \$101k. These additional grants are offset by additional costs.
- With the RBA cash rate increasing, the interest forecast has been amended to reflect an increase in interest income \$430k.

- An increase in the number of staff vacancies across the organisation throughout the year primarily due to secondment to higher positions or flood related positions \$269k.
- Increase in operational materials and services is primarily due to grant income carried forward or received post budget adoption to facilitate completion of programs (\$913k).
- Depreciation for 2023/24 is higher than budgeted due to the infrastructure revaluations at 30 June 2023 (\$778k).
- Capital grants have decreased by (\$14.173m). This decrease is primarily due to the reduction in grant funding for flood works.

# Capital Budget

At the end of September 2023, 22% of the forecasted capital works budget had been spent or committed. The capital budget adopted by Council was \$38.691 million. There is a reduction in the forecasted capital works budgeted of \$13.396 million to recognise deferral of budgeted spend on major multi-year projects. The anticipated budgeted spend on capital works by 30 June 2024 is \$25.295 million. A detailed listing of variations is included in the attachment. The major variations relate to:-

• Flood funding works - reduction in expected costs due to secondary assessment of initial Rapid Impact Assessment.

#### **Financial Ratios**

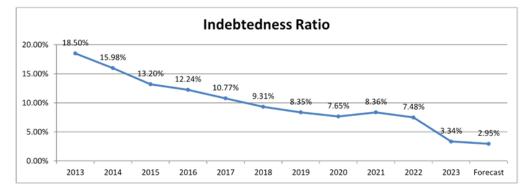

Underlying surplus(deficit): An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. The underlying result removes Non-Recurrent Capital grants from the surplus and reflects Council's ability to fund its operating expenditure out of all other operating income. A shift in the level of operating grants leads to a material change in the underlying result.

Liquidity ratio: Measures the level of Council's current assets to meet its current liabilities. A ratio higher than 100% indicates current assets being greater than current liabilities.

Indebtedness Ratio: Measures Council's non-current liabilities as a percentage of Council own source income.
