## MAYOR'S MESSAGE

In this difficult and ever changing world, I would strongly encourage those not working to play their role in helping to stop the spread of Coronavirus.

The simple message is to stay home when possible, and only go out when shopping for food or medicine, exercising or travelling to and from work if you cannot work from home. It is important at this time to keep in contact with the vulnerable and older members of our community. This can be as simple as offering to do shopping, phoning them for a chat, writing a note or dropping a surprise at their door.

If you are social isolating, please take care of your physical and mental health. I encourage you to check out the Gannawarra Library Service's online resources, keep up to date online with what's happening locally and keep in touch with family and friends. Importantly, if you need help, please ask. Don't hesitate to call Council's Customer Services, your friends, neighbours or Councillors. We are all here to care for our communities and to stop the spread of Coronavirus.

Kind regards,  
Mayor Lorraine Learmonth

## BUSINESS SUPPORT AVAILABLE

Council's dedicated Coronavirus website, [www.gsc.vic.gov.au/coronavirus](http://www.gsc.vic.gov.au/coronavirus) lists resources for businesses and employees impacted by the implementation of measures that aim to stop the spread of Coronavirus.

Council staff are assisting as much as they can, and are in regular contact with local businesses as part of efforts to report the local impact back to the State Government. Measures Council is currently undertaking to support local businesses include:

- Liaising with Regional Development Victoria regarding what support is needed;
- Investigating the hosting of business training programs once the Coronavirus pandemic has subsided;
- Promptly paying local businesses for Council works to improve their cash flow; and
- An increased focus on supporting local business through Council's Procurement Policy by increasing the weighting on supporting local businesses.

Council will be looking at other assistance measures at its April Ordinary Council Meeting.
