

MAYOR'S MESSAGE

Council welcomes the Australian Energy Market Operator's call for the development of KerangLink – also known as VNI-West – to proceed “as urgently as possible”.

This project, which will enable further large-scale renewable energy projects to be constructed within the municipality and across north-western Victoria, will set up the region as the nation's largest renewable energy zone and will secure the Gannawarra's economic sustainability.

Kind regards,

Mayor Charlie Gillingham
